## State of Kansas State Employees Health Care Commission

## Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:30 a.m. Tuesday, November 21, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of a proposed regulation of the Kansas State Employees Health Care Commission on a permanent basis.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit written comments prior to the hearing to Terry Bernatis, Health Benefits Administrator, Department of Administration, Room 951-S, Landon State Office Building, 900 S.W. Jackson, Topeka, 66612-1251. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Faith Loretto at (785) 296-6000 or TTY (785) 296-4798. Handicapped parking is located at the south end of the Landon State Office Building, directly across the street from the building's north entrance, and around the corner from the north entrance on 9th Street. The north entrance to the building is accessible.

Copies of the proposed regulation and the associated economic impact statement may be obtained by contacting Terry Bernatis, Health Benefits Administrator, at the address above or by calling (785) 296-4278. A summary of the proposed regulation and its economic statement follows.

K.A.R. 108-1-1 provides the eligibility requirements for participation in the state of Kansas health care benefits program established by the Kansas State Employees Health Care Commission (HCC), including the following categories of participants: (1) active participants, (2) direct bill participants, (3) COBRA participants, and (4) eligible dependent participants.

Several amendments to K.A.R. 108-1-1 are proposed. Most of these amendments are proposed in order to clarify the regulation or incorporate existing policies into the regulation. These clarifications include the following:

(1) Clarify the classes of retirees who are eligible to participate on a direct bill basis.

(2) Clarify the circumstances in which individuals are considered to meet the continuous coverage requirement for participation on a direct bill basis.

(3) Clarify the eligibility of spouses and dependents. In addition, a new subsection (j) is added to require all direct bill participants enrolled in the state health care. benefits program on or after January 1, 2001, to maintain continuous coverage in the program in order to remain eligible to be in the state health benefits program as a

direct bill participant. The current practice is to permit direct bill participants who drop direct bill coverage to re-enroll on a direct bill basis one time during an open enrollment period. Due to the potential for adverse selection, the amendment requires direct bill participants to maintain continuous coverage effective January 1, 2001, with two exceptions:

(1) Those individuals who have dropped coverage as direct bill participants before January 1, 2001, can re-enroll one time in the state health care benefits program if the person has not previously discontinued and re-en-

rolled in the program before January 1, 2001.

(2) Any person who discontinues direct bill coverage but maintains continuous coverage in a Medicare risk plan can return to the state health care benefits program during the annual open enrollment period.

The proposed amendments are proposed to take effect

on January 1, 2001.

As noted above, the majority of the amendments to K.A.R. 108-1-1 are proposed in order to clarify the regulation or to incorporate existing policies into the regulation. Therefore, these amendments will have no economic impact on the HCC or its staff, participants in the state health care benefits program, other state agencies or the

general public.

The addition of a requirement that direct bill participants maintain continuous coverage to remain eligible to participate on a direct bill basis may have an economic impact on participants and other state agencies. There are a number of circumstances in which direct bill participants have opted to drop coverage in order to pick up a less expensive policy, knowing that they could re-enroll one time during open enrollment. The amendment would eliminate the option of participating in a less expensive health insurance plan and then rejoining the state health care benefits program when the individual believes it is beneficial to do so. However, there is no data regarding the number of direct bill participants who choose to drop coverage with the intention of re-enrolling in the future, and the impact of eliminating the option to re-enroll would vary from individual to individual. This limitation would not apply to those individuals who have dropped direct bill coverage before January 1, 2001, and who have not previously discontinued coverage and re-enrolled in the program before January 1, 2001, or to those individuals who discontinue direct bill coverage but maintain continuous coverage in a Medicare risk plan.

This amendment also may have a positive economic impact on both state agencies and all plan participants. The current policy of allowing direct bill participants to relinquish their coverage and re-enroll at some later time clearly creates the potential for adverse selection, which over time results in premium increases for both state agencies and participants. Because the claims experience with re-enrolled direct bill participants cannot be readily isolated, there is no data to indicate the extent to which the policy may have resulted in adverse selection and premium increases. However, the amendment would limit a potential source of adverse selection in the future, thereby eliminating one source of pressure on premium rates.

## Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Wednesday, November 29, in the office of the Kansas Animal Health Department, 708 S.W. Jackson, Topeka, to consider the adoption of proposed changes in existing regulations K.A.R. 9-10-33 and K.A.R. 9-15-5. These regulations establish registration fees for electronic auctions and brand inspections.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to George Teagarden, Livestock Commissioner, 708 S.W. Jackson, Topeka, 66603. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and the economic impact statement in an accessible format. Requests for accommodation should be made at least 10 working days in advance of the hearing by contacting Brenda Schuette at (785) 296-2326. There is no designated handicapped parking on the block. The agency is located on Jackson Street and is handicap accessible.

A copy of the full text of the regulations and economic impact statement may be reviewed or obtained by contacting the Animal Health Department. A summary of the proposed regulations and the economic impact follows.

Proposed K.A.R. 9-10-33 establishes a license application fee and renewal fee of \$40 for each owner or operator of an electronic auction that is simulcast into the state of Kansas and at which livestock located in the state of Kansas are offered for sale. It also establishes an electronic auction fee of \$.015 per head of livestock sold at the livestock auction if the livestock are located in the state of Kansas

Proposed K.A.R. 9-15-5 establishes a fee of \$.50 per head of cattle inspected by the livestock commissioner's brand inspectors and a fee of \$.05 per head of sheep inspected. These fees have been in effect for several years but were not set out in a regulation. Senate Bill 533 would amend current law regarding livestock brand fees. Current law allows the agency to collect a per-head fee of up to \$0.75 when performing livestock brand inspections. This bill also allows the agency to collect an on-site inspection fee and a mileage fee for the inspection. The total minimum fee charged shall be the sum of \$20 plus a mileage charge based on the schedule of charges for use of central motor pool vehicles established under K.S.A. 74-4607, and amendments thereto. The owner or seller shall pay the fee to the brand inspector at the conclusion of the inspection.

The costs associated with these regulations shall be paid by the consignor or livestock owner or seller. There is no fiscal impact to consumers or the agency due to the regulations.

(D) For certification purposes, each teacher education program that is approved with stipulation shall be considered to be approved. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 2, 1991; amended June 26, 1995; amended

Oct. 6, 2000.)

**91-1-68e.** Procedures for continuing accreditation of teacher education institutions. (a) Process initiation. Each teacher education institution that is currently accredited by the state board and desires to continue this accreditation shall submit an intent to proceed with continuing accreditation application to the commissioner at

least 24 months before the expiration date of the current accreditation.

- (b) Review of annual reports. Upon receipt of an intent to proceed with the continuing accreditation application, the evaluation review committee shall be instructed by the commissioner to conduct a review of the annual report data. In accordance with procedures adopted by the state board, the evaluation review committee shall examine and analyze the annual report data received since the last on-site visit and prepare a report expressing the findings and conclusions of the review. The evaluation review committee report shall be submitted to the commissioner. The report shall be forwarded by the commissioner to an appropriate representative of the teacher education institution.
- (c) Institutional report. Each institution also shall submit an institutional report to the commissioner, which shall be in the form and contain the information prescribed by the commissioner. The institutional report shall be submitted at least 60 days before the on-site continuing accreditation review scheduled for the institution.

(d) On-site review team.

- (1) Upon receipt of an application to seek continuing accreditation, an on-site review team shall be appointed by the commissioner to analyze the institutional report and conduct an on-site review. The chairperson of the review team shall be designated by the commissioner, and the number of review team members shall be determined by the commissioner, based upon the scope of the programs to be reviewed at the teacher education institution. An institution may challenge the appointment of a team member only on the basis of a conflict of interest.
- (2) If a teacher education institution requests a joint continuing accreditation review by the state board and NCATE, the following procedures shall be followed:
- (A) After consultation with representatives of NCATE and the institution, a combined on-site review team may be appointed by the commissioner, and the final authority on the designation of the state chairperson and the number of state review team members shall rest with the commissioner.
- (B) The institution shall be evaluated utilizing NCATE accreditation standards and any state board accreditation standards not included in the NCATE standards. Any question regarding the standards that apply to the review of any institution shall be resolved by the commissioner.

(e) On-site review.

- (1) In accordance with procedures adopted by the state board, each on-site review team shall examine and analyze the institutional report, conduct an on-site review of the teacher education institution, and prepare a report expressing the findings and conclusions of the review team. The on-site review team report shall be submitted to the commissioner. The report shall be forwarded by the commissioner to the evaluation review committee and to an appropriate representative of the teacher education institution.
- (2) Any institution may prepare a written response to the on-site review team report. This response shall be prepared and submitted to the commissioner within 30 days of receipt of the on-site review team's report. The re-

sponse shall be forwarded by the commissioner to the evaluation review committee.

(f) Initial recommendation. The evaluation review committee, in accordance with procedures adopted by the state board, shall prepare a written initial recommendation regarding the appropriate accreditation status to be assigned to the teacher education institution, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner.

(g) Request for hearing.

- (1) Within 30 days of the receipt of an initial recommendation of the evaluation review committee, the teacher education institution may submit a written request to the commissioner for a hearing before the evaluation review committee to appeal the recommendation. This request shall specify, in detail, the basis for the appeal, including an identification of each item disputed by the institution.
- (2) If a request for a hearing is submitted, the evaluation review committee shall conduct a hearing. The committee shall then prepare a written final recommendation regarding the appropriate status to be assigned to the teacher education institution, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner. The final recommendation shall be submitted by the commissioner to the state board for its consideration and determination of accreditation status according to paragraph (h)(1) of this regulation.

(3) If a request for a hearing is not submitted within the time allowed under paragraph (1) of this subsection, the initial recommendation of the evaluation review committee shall become the final recommendation of the review committee. In this situation, the commissioner shall submit the recommendation of the evaluation review committee to the state board for its consideration and determination of accreditation status according to para-

graph (h)(1) of this regulation.

(h) Accreditation status.

(1) The continuing accreditation status assigned to any teacher education institution specified in this regulation

shall be continuing accreditation or probation.

(2) Subject to subsequent action by the state board, the assignment of continuing accreditation status to a teacher education institution shall be effective for five academic years. Any teacher education institution accredited by the state board shall submit an annual report to the commissioner on or before October 1 of each year. At any time, the accreditation status of a teacher education institution may be changed by the state board if, after providing an opportunity for a hearing, it is found that the institution has failed to meet substantially accreditation standards adopted by the state board or has made substantial changes to the unit. For just cause, the accreditation status of an institution may be extended by the state board, and the accreditation status of an institution shall be extended automatically if, at the end of the current accreditation

period, the institution is in the process of continuing accreditation by the state board.

- (3) (A) If an institution is given probation status, a comprehensive on-site visit as specified in S.B.R. 91-1-68b shall be scheduled by the institution within two years after the semester in which the decision was rendered. After the visit, a decision whether to continue or revoke accreditation shall be made by the board.
- (B) Any teacher education institution with probation status shall include in its annual report to the commissioner the steps the institution has taken and the progress the institution has made during the previous academic year to meet the accreditation standards. The annual report shall be submitted by the commissioner to the evaluation review committee for its examination and analysis.
- (C) For certification purposes, each teacher education institution with probation accreditation status shall be considered as being accredited. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective June 26, 1995; amended Oct. 6, 2000.)
